Football in the Coomera community has had a proud tradition with an immense passion for the game resulting in the Club being the largest member participation Community Club on the Gold Coast. The Club has struggled with ageing facilities to enable it to retain its community footballers and provide coherent pathways for talented footballers.

Our **Vision** is twofold.

Firstly, to elevate the structure of our Coaching to ensure that the highest level of football is attainable in a community environment to enable footballers to remain in their community.

Secondly but equally important is improve the facilities available to all members so we can provide a modern, appropriate, safe, and enjoyable environment for our footballing community.

Our **Purpose** is to inspire our community through football,

Whoever you are, whatever your age, wherever you are from, whatever your story, football has the power to inspire and unite.

Coomera Colts exists to develop the game in our community by leading and supporting our community whether they are members, volunteers, coaches, referees, or stakeholders. **By Community, For Community.**

It is incumbent on the Club to ensure that we provide quality and consistent member experiences that deliver value and provide the opportunity for those members whose talent extends beyond our community the opportunity to be the best that they can be.

We look forward to your participation in preparation for the 2021 Season.
